40 THOUSAND MEET DEATH IN VOLCANO

(Continued from page 1.)

all the money necessary to succor the sufferers of the Martinique disaster. An official of the Colonial office sailed from Brest for Martinique this morning with half a million francs (\$100,000) in cash.

The cabinet further decided to order the halting of flags over all public buildings for three days, and the Minister of the Colonies, M. Decrais, was instructed to telegraph to the Government of Martinique the condolences of France.

M. Decrais informed the cabinet that Senator Knight, president of the Legislature of Martinique, who was believed to have lost his life at St. Pierre, had escaped.

RIVERS OF LAVAS

London, May 16.—The following cablegram was received this morning at the Colonial Office from Governor Sir Mitchell Hodgson of Barbados:

"The volcanic volcano on St. Vincent, D. W. I., erupted violently yesterday. Loud reports, resembling artillery fire, were heard at Barbados at 2 o'clock in the afternoon. At 3 o'clock there came darkness and thunder, accompanied by a strong down-pour of dust, which continued until midnight. Barbados is covered several inches deep with dust this morning. Have telegraphed Sir Robert B. Llewellyn, Governor of the Windward Islands, offering him all assistance."

Another cablegram received from Administrator Bell, of the Island of Dominica, is as follows:

"A terrible eruption has occurred of a volcano at Martinique. Great distress prevails there. I am sending proceeds."

TWENTY THOUSAND LIVES LOST BY VOLCANIC ERUPTION ON ISLAND OF MARTINIQUE

St. Thomas, D. W. I., May 8.—Great damage was done by a volcanic eruption on the French West Indian island of Martinique yesterday and today.

Mount Pelee, a volcano which has long been considered extinct, its last eruption having occurred in 1851, suddenly became active eight days ago. Yesterday an enormous mass of flames shot from the crater, accompanied by steaming fumes, darkness and destructive showers of ashes.

Villages in the neighborhood are deserted. St. Pierre, the most important town on the island, is covered with ashes and business is suspended.

Lava Destroys Factories.

St. Thomas, D. W. I., May 6.—The flow of lava from the volcano of Mount Pelee began Saturday last and completely destroyed the Guerin factories, situated about two miles from St. Pierre, Martinique. It is reported that about 20 persons have disappeared. A great panic prevails at St. Pierre.

Town Totally Destroyed.

St. Thomas, D. W. I., May 8, 7 p. m.—The British steamer Roddam, Captain Freeman, which left St. Lucia Wednesday for Martinique, returned here at 5 o'clock this afternoon, bringing a report that the town of St. Pierre, Martinique, has been totally destroyed by volcanic disturbances in the island. Almost all have been killed. The Roddam reports that all the shipping in the port has also been destroyed. The Quebec Steamship Company's steamer Roddina is mentioned as lost with all on board. The Roddam was almost completely wrecked. Her captain was seriously burned and seventeen of her crew are dead.

Smoking and Rumbling Volcanoes.

Another dispatch from St. Thomas, dated May 7, said advice had been received from the island of St. Vincent, British West Indies, announcing that for some time the volcano had been active in the neighborhood of the Soufriere crater, which had been smoking and rumbling. Residents in the vicinity of the volcano were leaving for places of safety. This St. Thomas dispatch said further that cable communication with the island of Martinique was interrupted on the morning of May 7, and that cable communication southward from St. Lucia, in the Windward Islands, stopped suddenly the same afternoon.

ern part of the island, and the gathering of which is now two-thirds over. However, the wiping out of the monied population of the island, centered at St. Pierre, is bound to produce the most serious commercial effect. Not one of the business houses in London has heard a word from its agents in Martinique.

A partner of the principal English firm dealing with Martinique said to a representative of the Associated Press:

"I suppose all our agents are dead. Not much business is transacted between England and Martinique. Almost everything thence is shipped direct to Bordeaux, which suffers the most. I know Martinique well. The last time I was there, a few years ago, there were only two Englishmen and no American residents at St. Pierre, though that town did a good business with America in the way of foodstuffs. A large proportion of the white population belongs to the old French families, who prefer St. Pierre to any other part of the island. We never for a moment dreamt that Mount Pelee would prove dangerous. Fifty years ago some smoke and steam issued from its crevices, but no attention was paid to it. Unless the lava overrun the whole island, which is not likely, the disaster may not turn out to be as great as it at present seems to be."

GREAT IMPROVEMENTS INTENDED AT QUARANTINE STATION

(Continued from page 1.)

ward hotel. From that point at right angles, in line with the north path of Sumner's Island, it is proposed to dig a channel 600 feet wide. The quarantine ground will extend to the middle of the channel, while the O. H. & I. Co. will have the privilege of the opposite side of the channel. No craft will be permitted on the quarantine side, but on its side the railway will have perhaps 750 feet on the channel for warfage.

On the other side, at right angles to the proposed channel, there will be a quarantine wharf at which the largest vessels may lie. This will extend to the lighthouse and communication from it to the quarantine buildings will be had by runways.

"Pending the passage of an appropriation asked for these improvements, Dr. Cofer has an idea that there may be \$15,000 or so of unexpended funds in the general appropriations of last year, which may be available for immediate expenditure on the Honolulu quarantine station."

ALAMEDA ARRIVALS

The Alameda arrived off port at about 2:30 o'clock and docked at the Oceanic wharf a short while later. She brings a very large number of passengers, the full list being as follows: Mrs. A. W. Adams and child, Geo. M. Boyd, H. A. Cole, Miss Cole, Miss Conroy, Miss Margaret Copeland, Miss F. C. de Boom, Mrs. Dellinger, Miss E. L. Dellinger, Geo. Eisinger, Theo. D. Feldon, F. Ferris, Mrs. E. R. Folsom, Mrs. J. H. Ford, Mrs. W. G. Giffard, Miss Alice Gillett, M. G. Glass, Ben Goldwater, Mrs. E. L. Goodsell, W. C. Greaves, Miss F. Hoffman, Miss H. Hoffman, R. S. Irvin, Miss Yula Jenkins, E. Knuth, J. Kruttschnitt Jr., Miss M. B. Lewis, G. F. Little, F. J. Lowrey, Sherwood Lowrey, H. E. McIntyre, S. Makelona, A. Nelson, Mrs. Nelson and child, Mrs. W. W. North, Miss North, M. N. O'Shaughnessy, Mrs. M. E. Pickett, Miss C. D. C. Ramson, W. E. Sauer, Mrs. D. R. Sessions, Miss Sessions, Dr. J. R. Shaw, Mrs. F. C. Smith, W. O. Smith, Miss Taplin, H. J. Taylor, Mrs. Taylor, Mrs. M. Toplan, H. Vennemann, Jas. Wakefield, Mrs. Wakefield and three children, Miss M. J. Watts, G. A. Wheeler, Jr., Mrs. Wheeler, H. A. Wheeler, H. H. White, Mrs. White, S. White.

INSPECTION OF ALIENS

All aliens arriving at Honolulu hereafter will have to undergo medical examination before landing. The duties will devolve on Dr. Cofer, chief quarantine officer, who is to have additional assistance for the purpose. Formerly incoming aliens were inspected by the Board of Health's port physician, but the practice ended with the advent of Federal authority on June 14, 1900. Now the Federal protective laws against contagious diseases are to come into play here for the first time. Collector E. R. Stackable, who is the chief immigration officer of the port, on being spoken to about the matter today, mentioned tuberculosis as one of the diseases that would keep aliens out. He considers the inspection important here, for another thing, on account of an eye disease called trachoma to which Japanese are peculiarly subject. Being contagious it is most desirable that this malady should not gain a foothold in Hawaii.

Quarantine Island Affair To Be Amicably Settled

Washington, D. C., May 8.—Messrs. W. O. Smith and F. M. Hatch of Honolulu reached here Wednesday of this week and are making an effort to secure ratification by the general government of the compromise proposed between the owners of Quarantine Island lands and the Territory of Hawaii. The Department of Justice has received from the United States Attorney for Hawaii a full statement of the proceedings involved in the compromise, together with statements from the United States Marine Hospital Service.

The data furnished to the Department is sufficient, it is believed, to enable it to proceed in settlement of the controversy with prospect of speedy adjustment. It is understood that the plan of settlement involves leaving a broad passage from Honolulu harbor towards the Kailua basin for purposes of navigation.

Surgeon General Wyman of the Marine Hospital Service, is taking an active interest in securing adjustment and termination of the controversy, as he desires to definitely locate a quarantine station and retain it permanently.

An amendment has been proposed to Sundry Civil Bill appropriating two hundred thousand dollars for construction of revenue cutter for use in Hawaiian waters.

SHIPPING INTELLIGENCE

Weather Bureau, Honolulu, May 16.—Temperature — Morning minimum, 68; Midday maximum, 79. Barometer at 9 a. m. 30.14. Steady. Rainfall 0.02. Dew Point 66F. Humidity at 9 a. m. 50 per cent. Diamond Head Signal Station, May 16.—Weather hazy; wind fresh NE.

McWayne, two children and servant; Miss Lillie Robertson, Miss H. L. James and two children, J. D. Paris, Master Paris, Lee Hin, Sam Keli and J. W. Kuaimoku.

DECLARES ITS RIGHTS

J. J. Dunne and R. W. Brockens, attorneys for Hawaiian Tramways Co., this morning filed the answer of that corporation to the complaint of James H. Boyd, Superintendent of Public Works, for an injunction to compel it to remove kinder rails from King street.

The defendant claims that its charter granted by the Legislature of Hawaii involved a contract between the Kingdom of Hawaii and itself, and that said charter and contract have been confirmed to it by the constitution and laws of the United States.

It contends that such charter gave it the privilege of constructing and operating an electric street railway in Honolulu, also that of using electric motive power on its tracks. It admits maintaining kinder rails and refusing to remove them on the order of the Superintendent of Public Works. The rails it admits constitute some little obstruction to travel, yet maintaining that the public use of the streets is subject to its chartered rights.

Senator Hanna has a dinner set of twelve plates, originally made for the Austrian Emperor. The decoration of each plate is a fac-simile of some famous painting.

It's Just This Way

You may go on straining your eyes — we can't help you in our advertising — we can warn you, but it's only in a personal way we can do you any good. If you wait for the serious trouble you must take the serious consequences. The sooner, the easier, in eye care. Properly adjusted glasses — our kind — will relieve minor eye troubles that, neglected, become major, and often serious ones. We are experts in relieving eye strain.
